Alumier Advanced Treatments

Alumier MD peels are the next generation of clinical exfoliation. With a variety of peels, each with a unique complex of ingredients, your MD professional can customise your programme of treatments to target your specific concerns, whether it be ageing, pigmentation or acne. This unique experience includes an exfoliating peel treatment and brightening enhancement which reveal a more radiant soft and luminous skin.

All peel treatments include a post procedure pack to take home that consists of 7 days worth of products.

GLOW PEEL • £90

(Dry, Normal, Oily, Dehydrated, Acne, Hyperpigmentation & Ageing)

Glow Peel combines lactic acid, salicylic acid and resorcinol, creating a multi purpose resurfacing solution effective in minimizing the appearance of fine lines, wrinkles and hyperpigmentation issues like age spots, discolouration and uneven skin tone. This formula exfoliates dead skin cells and stimulates cell renewal. To suit individual needs, Glow Peel can be customized by strength by numbers of layers.

RADIANT 20/10 • £85

(Acne, hyperpigmentation, uneven skin tone, congestion, open pores & oiliness)

With lactic and salicylic acid, radiant 20/10 resurfacing peel contains a powerful combination of them both which improves skin tone and texture by exfoliating dead skin cells and speeding cell turnover. The multipurpose resurfacing peel reduces acne pimples and minimizes the appearance of fine lines and wrinkles, large pores, hyperpigmentation and sun damage.

RADIANT 30 • £85

(Hyperpigmentation, Uneven Skin tone, dull skin, line & wrinkles)

Radiant 30 is an alpha hydroxy acid resurfacing peel containing lactic acid to exfoliate dead skin cells. Boost cell turnover and stimulate collagen, improving skin texture and tone. This multifunctional peel targets multiple skin conditions, including fine lines and wrinkles, discolouration, sun damage and large pores.

Alumier Peel Upgrades

These treatments can be added to your peel for an additional cost based on your individual requirements.

VITAMIN A BOOST

(Acne, hyper pigmentation & Ageing)

Vitamin A boost is a potent and pure retinol and lactic acid resurfacing treatment. It reduces the appearance of fine lines, wrinkles and hyper pigmentation by boosting collagen production and speeding cell turnover, creating a more radiant and even-toned complexion. Ideal for mature or sun damaged skin.

DETOX CLEAR

(Acne, Congestion)

Detox Clear contains salicylic acid and lactic acid for excellent pore penetration and exfoliation. Salicylic acid penetrates into the pore and exfoliates dead skin cells and excess sebum. Lactic acid exfoliates dead skin cells and hydrates. Eucalyptus provides strong astringent properties. Together, they work to smooth skin, minimise pore size experience, reduce acne and prevent new pimples from forming.

Laser Hair Removal

Super Intense Pulse Light

Super Intense Pulse Light is the latest version of IPL, which is a third generation system used to treat hair reduction.

WHAT'S IS INITIA?

The Initia laser is one of the only NHS approved laser hair removal systems which also offers virtually pain-free hair removal for ALL skin types and hair colours. Laser hair removal is one of the most in demand aesthetic procedures in the UK.

HOW DOES IT WORK?

By sending out a record-quick delivery of 10 shots of light per second meaning it's also one of the fastest systems in the industry, it also benefits from the 'pain-free' sub-zero integrated ice tip that reaches temperatures of -8°C for even more comfort during treatment.
